Volunteer Spotlight

The Volunteer Spotlight is here to honor those who have gone above and beyond for Habitat for Humanity-MidOhio! Thank you to each and every individual and group listed below for your amazing dedication and support of Habitat MidOhio. We are a better organization because of you!

Habitat wants to shine a special light of thanks on... Charlie Bergmann and Scott Miller!

Charlie Bergmann – Construction Volunteer

As a member of Covenant Presbyterian, Charlie Bergmann is a dedicated volunteer with the Northwest Adopt-a-House Partnership. He currently spends his Saturdays working on the Spriggs family home; his third house with Habitat. Charlie's main contribution to Habitat is through new builds, but he has also helped with deconstructions.

When asked what keeps him coming back Charlie said, "The people and the mission. Knowing our partner families will have a well built, safe place to call home."

Outside of Habitat, Charlie is a Deacon at his church, serves on the missions and concerns committee, and contributes to the MidOhio Food Bank and Faith Mission. His hobbies include garden railroading and working with model trains.

Charlie's personal life has also been busy as he just started a new job at Honda in June.

Charlie's words of wisdom for future volunteers are simple, "Come on out, you'll have a blast. Just give what you can!"

Scott Miller – Construction Volunteer, Thursday Night Crew Volunteer

Scott spends his days as a Healthcare Architect, designing hospitals, but when he can find the time, he is out on a Habitat build site.

Outside of Habitat, Scott is involved with his church, Reynoldsburg United Methodist. He also enjoys biking and reading.

Scott and his wife recently experienced a shift in their personal lives as they became empty nesters. They are proud parents of two children; one who is in college, and the other who just graduated.

When asked if he had any other thoughts he'd like to share he said, "If you can, come consistently. You'll learn so much and be able to see the house grow!"
