Corporate Day Sponsorship

Habitat for Humanity-MidOhio has spent over three decades helping to bring the dream of homeownership to families in need. Habitat's corporate partners, donors, and volunteers have played a pivotal role in rekindling hope for over 600 families living in central Ohio by generously giving of their time and resources.

Since 1992, Habitat MidOhio Women Build volunteers from all walks of life have come together to build stronger, safer communities. Habitat MidOhio’s Women Build program provides the opportunity for women to take a proactive step in serving their communities.

The Women Build program empowers women to build Habitat for Humanity homes, enabling them to positively impact the lives of children by making homeownership a reality for families.

Women Build is not about excluding men; it’s about including women.

Women Build:

> empowers women to build Habitat for Humanity homes;

> offers a safe and comfortable build site, where women can quickly learn construction skills; and

> involves more women in Habitat's construction efforts, thereby increasing the number of houses Habitat can build!

Habitat MidOhio has built 13 Women Build homes, and are looking forward to beginning our 14th in 2020. JOIN US!
Corporate giving, of course, is not just about the dollars, although funding is critical to sustaining our work. Corporate giving is also very much about team-building among your own employees, as well as within the greater community in which they live, work, and prosper.

We view our work as meaningful because it helps transform lives and promotes positive and lasting social, economic, and spiritual change within a community. Our model works because it is based on empowerment, mutual trust, and fully shared accomplishments.

Engage female employees with a unique and empowering volunteer opportunity with a Women Build Day Sponsorship!
