Chapter 30 - Final Walk-Throughs 30-1

 Timing & Prerequisites 30-2

 House Lead Final Walk-through 30-2

 Home-Owner Final Walk-through 30-2

Things to Consider

- **Having several volunteers perform a preliminary walk through using the Final Checklist before the actual walk through should improve the quality of the house.**

Timing & Prerequisites

- After all of the construction and cleanup, the Home Owner and Habitat Construction Director will walk through the house to identify any problems.

House Lead Final Walk-through

1. The House Lead will conduct the final walk-through with the volunteers:
 - ◆ List any issues to be addressed by either volunteers or contractors
 - ◆ Review operations of the equipment in the house

Home-Owner Final Walk-through

1. The Habitat Construction Director will conduct the final walk-through with the Home Owner to:
 - ◆ List any issues to be addressed by either volunteers or contractors
 - ◆ Review operations of the equipment in the houseThe final walk-through will be conducted using the Final Checklist.
2. Items to be corrected by the volunteers will be passed on the House Leader after the walk-through.
