Habitat's ReStore is a unique resale outlet that offers donated home goods, building materials and home improvement products to the general public. Income generated from Habitat MidOhio’s two ReStores provides an important source of funding for our mission.

The ReStores also allow local residents to recycle and repurpose a large volume of items that would otherwise end up in our landfills, and ReStore goods are priced at a discount that enables community residents to affordably maintain and improve their homes.

In addition, the ReStores benefit from volunteer assistance, providing an opportunity for community members and companies to give back.

**ReStore partners**

All of the following businesses have made multiple donations of new and reusable materials to our MidOhio ReStores. The sales of these items help defray most of Habitat’s administrative expenses and also help divert approximately 2,000 tons from area landfills each year.
