

## About the closeout

Habitat for Humanity-MidOhio's ReStore Network recently came into possession of a large volume of inventory, consisting of brand new store fixturing and building material. The inventory was purchased in order to remodel a large number of retail stores, prior to that retailer going out of business. After the general liquidation processes, the remaining inventory was turned over to HFHMO ReStores.

Our goal is to generate revenue for our mission by selling all of the inventory as quickly as possible. In doing so, we will continue to fund our affiliate's mission to provide affordable housing in our community, as well as avoiding hundreds of thousands of tons sent to the local landfills.

Habitat for Humanity-MidOhio is extremely grateful for Caliber Logistics and Redhawk Logistics for their terrific partnership in acquiring this inventory.

Seeking to put God's love into action, Habitat for Humanity-MidOhio brings people together to inspire hope, build homes, empower families, and develop communities.

- Shelving
- Storage
- Retail Counters
- POS Systems
- Glass Display Cases
- Fixtures
- Tables
- ...AND MORE!

BRAND NEW  
and ready  
for you!

Founded in 1987, Habitat for Humanity-MidOhio has partnered with a broad coalition of individuals, faith groups, and businesses to rekindle hope for central Ohio families. Through our efforts, nearly 1,000 local families have attained or preserved the dream of homeownership. Our Homeownership and Home Repair programs provide a successful hand up, not a hand out model, promoting dignity and hope.

Habitat MidOhio ReStores play an important role in the effort to combat the affordable housing challenge in central Ohio. Donations are sold and the proceeds help to offset most of Habitat MidOhio's administrative costs – so cash contributions go directly toward building homes and revitalizing communities.

*inspiring hope • building homes • empowering families*
